

# Carson Holloway

Full-Stack Developer

Brisbane, Australia | [carsonalh@gmail.com](mailto:carsonalh@gmail.com) | [carsonholloway.com.au](http://carsonholloway.com.au) | [Github](#) | [LinkedIn](#)

## Summary

---

Full-stack developer with particular experience in NodeJS, Typescript, React, and Go.

## Technical Skills

---

**Advanced:** Git; Typescript; React; Javascript; Java; Linux; Nodejs; Python

**Intermediate:** Bash; Go; Terraform; AWS; WebAssembly; Docker; Threejs; Postgresql; Express; Pytorch; Unity; Rust; C++; OpenGL; Kotlin; C#.

## Experience

---

### Openmarkets Group

Jan. 2022 – Jun. 2023

*Backend Developer*

- Wrote, documented and deployed AWS cloud-based automation systems in Java, Kotlin and Typescript, saving 30 minutes per day of manual tasks.
- Investigated and documented existing codebases to ease learning curve for new maintainers.
- Reported directly to CTO and other internal semi-technical audiences, bridging the communication gap between business objectives and technical implementation.

## Education

---

### The University of Queensland

Feb. 2021 – *Present*

*Bachelor of Computer Science*

- Expected completion date: November 2025.

### Queensland Academies of Science, Mathematics and Technology

Feb. 2018 – Nov. 2020

*International Baccalaureate Diploma*
